At SNU, we believe that living on campus is important to your success and journey as a student and encourage all undergraduate students to be a part of our residential community. We are certain on-campus living contributes greatly to a student's development as national research performed at colleges and universities indicates that students who live on campus enjoy a more positive and rewarding university experience.

For the Fall 2025 housing sign-up process the following housing options will be available for students to choose: For women: Hills, Bracken, and Chapman; For Men: Snowbarger, Hills, and Chapman. Asbury & Imel will be utilized depending on residential capacity. The chart above outlines the pricing of the Housing & Meal Plan for the upcoming academic year.

All utilities, wireless and wired internet services as well as laundry service for residents are included in these rates. All on campus students are required to have the Residential Meal Plan*. Housing and Meal Plan contracts are year-long contracts. A fee is charged as laid out in contract terms when breaking the year-long contract. Housing and meal plans are only operational during the traditional academic year and rates listed above are for dates of operation as listed in the Housing Contract only.

**There are no meal plan waivers issued except for medical reasons as documented and communicated through the Disability Services Office.*

All students must live on campus unless approved by the Office of Student Life. The University's Off Campus Policy currently requires that single students under 22 years of age on September 1st of the given academic year are to live in one of the university's residential living areas. All students planning to live off campus must submit the Off Campus Housing Application and receive communication of approval. The application can be found at my.snu.edu/forms/. Single room availability is limited. Rooms are reserved first for students with documented special needs through the Disability Services Office. Single room fee is set at \$600 additional per semester from the standard room offered in the designated building/living area, if space is available.
