

SCHOOL OF MUSIC

# BACHELOR OF ARTS IN MUSIC

— FOUR-YEAR PLAN —

## ABOUT

The SNU School of Music seeks to develop each student's musical passion to its fullest potential, foster a pursuit of excellence in all things, and provide a Christ-centered environment to deepen spiritual and musical growth.

Our faculty are professional musicians and instructors who help students achieve their goals of becoming a performer, music teacher, worship leader, music producer, or anything in between. Regardless of program, music students will engage in classes that address the historical and theoretical aspects of music as well as have the opportunity to study one-on-one with qualified instructors. Performing with vocal and instrumental ensembles on campus and around the world is another vital part of the degree that results in unforgettable memories and lifelong friendships. We believe that making music is a joy and privilege; doing so for the glory of God is an honor!

Our General Education curriculum is intentionally designed to be both comprehensive and flexible—allowing students to pursue their individual interests while ensuring they graduate prepared for lifelong learning, service, and growth.

The General Education program consists of approximately 51 credit hours that introduce and develop important skills such as the:

- Importance of thinking critically and solving problems
- Ability to communicate effectively
- Appreciation of human creativity
- Importance of science and technology in the 21st century
- Power of social responsibility in our community
- Awareness of global diversity
- Role of our Christian faith in daily life

Students take at least one foundational course and one upper-level windows course in each of these areas.
