Fall 2016

SOUTHERN NAZARENE UNIVERSITY
SCHOOL OF EDUCATION
ASSESSMENT DATA
2015-2016

This document was composed in concordance with the assessment plan set forth by the School of Education, the Office of Teacher Preparation at Southern Nazarene University. The purpose of this document is to provide statistical evidence in regards to the training of teacher candidates at Southern Nazarene University. It is a quantitative document and should be viewed as a portion of the “picture” and not the total “picture” of the training process. Data for this purpose has been collected since Fall 2000. In the majority of situations data is listed within a three (3) year window, focusing on the 2015-2016 year data. State testing data represents only those teacher candidates that were identified with Southern Nazarene University and only the teacher candidate’s first attempt at any one test. It should be noted that several of the individual data charts do not contain a sample size large enough to draw statistical conclusions. It also should be noted that state testing data is not listed if no tests were taken in 2015-2016.

The School of Educations Assessment plan is to provide each certificate area with annual statistics that would include baseline data and all data collected between accreditation visits. This data is also listed in the University’s data collection program, TracDat. The appropriate data will also be sent to the Director of General Education, Southern Nazarene University. Please review the enclosed data with the appropriate school, department or council. If any school, department faculty makes changes based upon this data, please document and send a copy to the Office of Teacher Preparation. This documentation is a vital part of the Teacher Preparation Assessment plan.

End-of-Program Survey

2015-16

TEACHER PREPARATION END-OF-PROGRAM SURVEY

Survey Questions

1. A conceptual understanding of the decision maker model.
2. The development of education as a profession.
3. The major contemporary problems in public education.
4. The characteristics of effective teachers.
5. The historical and philosophical development of education in the United States.
6. The organization of public schools.
7. Cultural pluralism as it relates to the public schools.
8. Democratic principles, free public education, and equal education opportunity.
9. Appropriate organization of instructional resources and materials for effective teaching.
10. Sequencing learning activities and experiences both logically and psychologically.
11. Student self-awareness and positive self-concepts.
12. Strategies to utilize data in grouping students for learning activities.
13. Objectives and purposes of education relating to pupils, parents, and other citizens.
14. Administration and interpretation of assessment techniques (standardized test, sociometrics, etc.)
15. Conceptualize and predict accurately the interaction of influencing variables on teaching and learning.
16. Design and use of teacher-made tests (diagnostic and achievement, etc.).
17. The appropriate use of a variety of communication patterns within the classroom.
18. Plan, implement, and evaluate appropriate educational goals and related experiences for students.
19. The development of instructional goals and objectives appropriate to student needs and learning modes.
20. School programs and the participatory role of the teacher in activities which contribute to student and faculty development.
21. Interaction patterns and the ability to modify plans on the basis of feedback.
22. Work effectively as a member of an educational team.
23. Incorporation of reading techniques in content subjects.
24. Effective interaction and communication with parents.
25. The professional organizations in education.
26. The requirements for accreditation, licensure, and certification.
27. Differentiate among the appropriate roles and responsibilities of pupils, teachers, administrators, para-professionals, and parents.
28. Individual differences among students such as interests, values, cultural, and socio-economic background.
29. Legal and ethical considerations of school personnel (including the rights and responsibilities of teachers, students, administrators, and staff).

TEACHER PREPARATION

Exit Survey – Qualitative Comments

2015-16

Overall, I feel prepared to enter into my own classroom with confidence. However, the student teacher process (assignments, seminars, portfolio) often felt repetitive, confusing, and rushed. I would have appreciated more explanation and guidance on the exact expectations of the assignments regarding the portfolio.

The program is lacking in helping those in secondary education learn how to create lesson plans and use reading techniques early on in the program. There are also not many subject area related courses to education (i.e. math courses incorporating education techniques). Many of the early childhood/elementary undergrads know much more about what is expected of them in the classroom than those in secondary when everyone arrives in Professional Decision Making. Also, some of the professors do not know much about technology or know how to use it correctly. It was extremely frustrating at times to have to do assignments and projects in which we might know more than the professor about that type of technology; it is also frustrating that many of the education professors refuse to use Moodle or other types of technology while teaching, when technology is such an integrated tool in the classroom these days. Finally, I believe the program needs more professors who have been in the public school classroom recently. Improving on these things will help the program tremendously.

This program has been more than beneficial to me. I have learned so much about why I am passionate about teaching, and I am also taking away strategies, ideas, etc. from this experience, and so much more.

I'm concerned with the lack of knowledge of what secondary or extracurricular teachers' classrooms look like or how to properly prepare them.

I would have loved to take a course specifically on classroom management. Tips and tricks could be shared from local teachers.

I have absolutely fallen in love with this school and I really feel like I have gained a lot of experience and a team of mentor teachers that I will be able to call on forever if I need them.

TEACHER PREPARATION

Southern Nazarene University

2015-16 – First / Third / Fifth Year Alumni Survey

The following questions were sent out by e-mail to eighty (80) Teacher Preparation alumni. Of the original eighty e-mails ten (10) were returned due to incorrect addresses. The survey questionnaire was e-mailed twice, October 2015 and January 2016. Twenty-four (24) surveys were returned (34.2%).

The Mean scores on the left of each question were based upon a Five (5) point Likert type scale, 1=Strongly disagree with the statement and 5=Strongly agree with the statement.

1. The instruction I received in the SNU Educator Preparation Program (Teacher Education) has helped me to understand the diverse cognitive, social, physical, linguistic, and emotional development of diverse learners in my classroom and has helped me to understand how I can provide appropriate instructional activities for ALL learners in my classroom. (InTASC 1)	4.21
The instruction I received in the SNU Educator Preparation Program (Teacher Education) has helped me to understand and use a variety of instructional strategies to encourage learners to develop deep understanding of the content area that I teach and to build skills to apply knowledge for ALL learners in my classroom. (InTASC 8)	4.1
The instruction I received in the SNU Educator Preparation Program (Teacher Education) has helped me to understand the diverse cultures represented in the community in which I teach and those represented by ALL learners in my classroom. (InTASC 2)	3.63
The instruction I received in the SNU Educator Preparation Program (Teacher Education) has helped me possess the ability to integrate subject areas and to use differing perspectives to engage ALL learners in my classroom in critical, creative thinking so that they have the ability to solve authentic local and global issues. (InTASC 5)	4.00
The instruction I received in the SNU Educator Preparation Program (Teacher Education) has helped me plan for instruction that draws upon content knowledge, state curriculum, and cross-disciplinary skills and pedagogy. It has also prepared me with the	

knowledge to understand learners and their community so that I can support learning for ALL learners in my classroom. (InTASC 7)	4.21
The instruction I received in the SNU Educator Preparation Program (Teacher Education) has helped me gain the content knowledge in my subject area so that I can create learning experiences to ensure that ALL learners in my classroom attain mastery of concepts in the subject(s) that I teach. (InTASC 4)	4.42
The instruction I received in the SNU Educator Preparation Program (Teacher Education) has helped me integrate technology into the learning environment for instruction, communication, and assessment for ALL learners in my classroom. (InTASC 6) The instruction I received in the SNU Educator Preparation Program (Teacher Education) has helped me integrate technology into the learning environment for instruction, communication, and assessment for ALL learners in my classroom. (InTASC 6)	3.73
The instruction I received in the SNU Educator Preparation Program (Teacher Education) has assisted me in understanding and utilizing multiple methods of assessment so that I can ascertain progress in the learning process of ALL learners in my classroom. (InTASC 6)	4.26
The instruction I received in the SNU Educator Preparation Program (Teacher Education) has encouraged me to pursue ongoing professional development and self-evaluation. As a result of this ongoing reflective and professional development process, I am able to adapt my practices to meet the needs of ALL learners in my classroom. (InTASC 9)	4.47
The instruction I received in the SNU Educator Preparation Program (Teacher Education) has encouraged me to seek appropriate leadership roles and opportunities to collaborate with my teaching colleagues and with the families representing ALL learners in my classroom, so that personal professional growth and the overall advancement of the teaching profession continues to progress. (InTASC 10)	4.47
The instruction I received in the SNU Educator Preparation Program (Teacher Education) has encouraged me to maintain professionalism through the following: 1) demeanor-collegiality (cooperation, teamwork), 2) scholarship (continuing to pursue learning about my craft), 3) connection to professional organizations (actively participating in groups that support the teaching profession), and 4) collaboration with colleagues and families (working together with individuals and groups that support the overall learning process, as well as ALL learners in my classroom). (InTASC 9)	4.47

<p>The instruction I received at Southern Nazarene University and in the Educator Preparation Program has equipped me with effective written and verbal communication skills necessary to effectively engage and communicate with ALL learners in my classroom, as well as with families, colleagues and leadership with whom I interact in my professional roles and responsibilities. (SNU Standard).</p>	<p>4.42</p>
<p>The instruction I received at Southern Nazarene University and in the Educator Preparation Program has strengthened my ability to make professional decisions within my teaching experience based on Christian principles, thus impacting my ability to be a positive role model for ALL learners in my classroom. (SNU Standard).</p>	<p>4.47</p>
<p>The instruction I received at Southern Nazarene University and in the Educator Preparation Program has strengthened my ability to make professional decisions within my teaching experience based on Christian principles, thus impacting my ability to be a positive role model for ALL learners in my classroom.
