OTHER IMPORTANT FINAL EXAM INFORMATION

Examinations are scheduled according to the period and days the class regularly meets.

Professors will arrange exam times for classes not meeting on a regular schedule or at times not included in the schedule.

All professors will schedule a class meeting during final examination week.

Exams will be held in regular classrooms unless other arrangements are announced by the professor with prior approval of the Office of Academic Affairs.

Classes meeting 4–5 times a week will take exams at the same time as their MWF schedule.

If a student has 3 or more exams that occur on the same day, they may petition the College of Undergraduate Studies VPAA, Dr. Dennis Williams (dwilliams@mail.snu.edu), to reschedule one exam.

The University requires all classes to meet in the Final Exam week during the times provided in the Final Exams Schedule. The semester officially ends Thursday midnight of the Final Exams Schedule. Exceptions for attending a final are not given except in the case of dire emergencies. These rare exceptions with documentation may only be granted by the College of Undergraduate Studies VPAA, Dr. Dennis Williams (dwilliams@mail.snu.edu).
